

Friday 8.5. Parallel sessions 11.00–12.30

EDU2	EDU3	PUB4	PUB5	PUB 209	PUB 309
Parental influence	KiVa Antibullying program	Urban studies and regional mobility	Novel data and methods I	Parental leaves and household decision making I	Evidence from reforms and policies
Chair: Anastasiia Petrova	Chair: Christina Salmivalli	Chair: Alekski Karhula	Chair: Oskari Lahtinen	Chair: Merita Mesiäislehto	Chair: Katri Aaltonen
Dilukshi Nawodani Soysa: Associations of participant engagement predictors with child disruptive behaviours in the Finnish Strongest Families digital parenting intervention	Christina Salmivalli: Effects of the KiVa anti-bullying program: Evidence from multiple trials across countries and years	Ákos Gosztonyi: The price of changing urban landscapes: The impact of the urban environment on housing sales prices in Helsinki and Paris	Henri Salokangas: Plausibly exogenous? Causal informativeness of adverse health events	Giovanni Giuliani: Do fathers support shared parental leave? Institutional, cultural, and class determinants across 26 countries	Thang Dang: External safety enforcement
Ebru Ozbek: Can the consequences of cyberbullying victimization differ based on general parenting behaviors? A cross-lagged panel model longitudinal study	Claire Garandea: Why are students higher in callous-unemotional traits more resistant to targeted anti-bullying interventions by teachers? The role of biased perceptions	Laura A. Tufa: Designing out loneliness. Spatial environments, transport and loneliness in the city	Ville-Juhani Ilmarinen: Rethinking gender gaps with cross-cultural and cross-temporal models that analyze men and women separately to avoid misleading inferences	Mari Haapanen: Preferences and practices in couples' financial decision-making and resource sharing: Evidence from a conjoint experiment	Jukka Laaksonen: Effectiveness of influenza vaccination in children and older populations: Evidence from quasi-experimental designs
Tiia Ståhlberg: The videotape assessment of early interaction and infant temperament: The Stronger Together study	Eerika Johander: How adherence to an evidence-based targeted intervention procedure is related to intervention effectiveness?	Julia Hellstrand: Immigrant mobility and labor-market outcomes across Finland's rural, urban, and Swedish-speaking regions	Hanna Rekola: Measuring capability inequality in Finland: A cross-sectional study of individual deficits and societal losses using the CALY measure	Miia Saarikallio: Leave-sharing among parents living apart	Maarit Olkkola: Universal child health services and human capital in adulthood
Teea Vuorinen: Parents' perceptions of Strongest Families - program acceptability and implementation as part of Finnish maternity and child health clinic services	Ana Costa-Ramon: Long-run returns from an anti-bullying program	Patricia McMullin: Staying afloat: Does moving closer to grandma support mothers earnings after separation	Oskari Lahtinen: 4 waves of "woke" study, a retrospective	Merita Mesiäislehto: Does policy matter? Attitudes towards sharing parental leaves in Europe	Katri Aaltonen: When delegation meets framing: Experimental evidence on mass preferences over healthcare spending
Anastasiia Petrova: Connecting home and school: Parents' advice on bullying victimisation and their perception of school environment
